

Instructions for use of FG 104 & 105 Power Driver Tools

Flexi-Guide 400 & 500 Series Roadside Delineator posts with 12" and 18" steel U-Channel anchors can be installed using various power driver tools including gas-powered, pneumatic and electric demolition hammers. By simply attaching the fitted tool to your power driver, you are ready to decrease installation time and increase your crew's efficiency.

The FG 104 is a simple 'fork' tool - 5/8" x 3" shaft for use with all types of drivers.

The FG 105 is a solid one-piece fitted tool – 7/8" hex x 4" shaft for use with all drivers.

1. Select the proper driver tool for your equipment. Custom tools are also available; contact your local sales representative for more details.
2. At the installation location of the delineator, loosen and remove the top 3 to 4 inches of soil (approx. 5" diameter) with a shovel or power tool. It is important the top of the u-channel anchor is driven 3-4" below the ground surface and then backfilled.
3. Fix the end of the fitted tool on the top of the u-channel anchor. Align the face of the post perpendicular to traffic flow. Drive u-channel anchor until it is 3 to 4 inches below the ground surface. Ensure post is kept as vertical as possible. Backfill and tamp the area around the post as necessary.
4. Repeat steps 2 and 3 for additional installations. Call your factory representative for technical questions and support.

5. **Important Notice To Purchaser**

The following is made in lieu of all warranties, expressed or implied, including the implied warranties of merchantability and fitness for purpose: Seller's and manufacturer's only obligation shall be to replace such quantity of the product proved to be defective. Before using, user shall determine the suitability of the product for its intended use, and user assumes all risk and liability whatsoever in connection therewith. Neither manufacturer nor seller shall be liable either in tort or in contract for any loss or damage, direct, incidental, or consequential, arising out of the use of or the inability to use the product.
