

Heat Shrink Tubing

Creative Solutions for Crossed Wires & More

Wire Bundling and Organization

Organize, insulate, and protect loose wires from common abrasions and environmental hazards

Lighted Safety Whip Protection

Use clear heat shrinkable tubing to protect fragile LED whip lights from unavoidable impacts and weather

Chain Cover Defense

Improve visual awareness and appearance of chains while guarding against dents, scratches, scrapes, and other outside weather-related elements

Rope Fray and Abrasion Protection

Help keep ropes from fraying, aid in reducing injury with wire cables, and help reduce overall wear and tear while adding grip points
