# Work Zone Vertical Panels

Self-Righting Flexible Delineation

36"  
Hazard  
Marker

— Made in the USA —

## Davidson Work Zone Safety Panels Increase Visibility and Improve Safety

### Opposing Traffic Lane Divider (OTLD)

Delineation devices used as a center lane divider to separate opposing vehicular traffic on a two-lane, two-way operation.

- 12" x 18" Panel
- 36" Overall height
- High Intensity or Prismatic sheeting
- Color – orange and black

### Vertical Panels

- 8 inch vertical panel A: 8" x 24"; overall height 36"
- 8 inch vertical panel B: 8" x 34"; overall height 42"
- 12" vertical panel: 12" x 24"; overall height 36"
- High intensity or prismatic sheeting
- Colors – Orange and White

### Hazard Markers

- Panel – 8" x 24"; 36" height
- Sheeting – High Intensity Reflexite AR 1000
- Colors – black and yellow

### Bases

#### Banana Base – Portable 35# heavy duty base

- Two recessed handles
- Two banana-shaped grooves for easy stacking and storage
- No additional ballast required
- Fixed metal base plate for stability & durability
- Easy assembly – Quick Release Pins attach posts in seconds
- Smaller foot print than barrels
- Withstands multiple impacts
- Environmentally friendly – constructed of recycled rubber tires & polymer binders

#### FG 300 Fixed Base

for permanent installations, installs with epoxy or bolts.

#### FG 300 Heavy Duty Colored Bases

Colored bases match our colored posts for an extra measure of conspicuity.

Standard colors are white, yellow, fluorescent orange, and fluorescent yellow-green.

### Posts

- Clover leaf design for greater rebound
- Polyurethane "reaction rod" inside the EFX Post increases rebound of vertical posts with panels attached

Available in 4 colors

Work zone panels can also be used with temporary or permanent curb installations

### Safety and Value

- Eliminates resetting traffic control devices – keeps workers out of road
- Work Zone Vertical Panels stand up to tremendous abuse
- Posts rebound and panels re-orient after being struck
- Multiple base and sign configurations for every job
