

REFLECTIVE FENCE INSERTS

Specifications

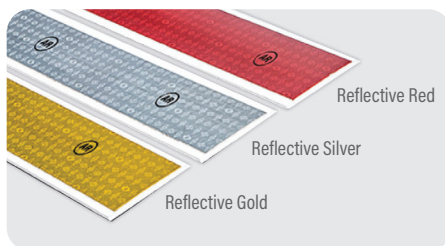

Design: White Rigid PVC strips laminated with highly reflective, abrasion-resistant, weatherproof tape.

Slot Width: Each strip is 1.25" wide x 0.080" thick x 48" long. Longer lengths may be special ordered upon request – minimum quantities apply.

Very versatile product for chain link fence: Can be installed either diagonally, horizontally or vertically.

Slot Length: Conveniently produced in 4 ft lengths to work in any height 2" x 9 or 11 gauge chain link fence.

Outstanding reflection of headlights providing illumination of gates and fence for many applications.

Reflective Fence Inserts are designed for gates and sections of chain link fence where visibility is critical, especially at night.

These Reflective Fence Inserts are well suited for airports, hospitals, schools, commercial facility entranceways, temporary construction sites, residential driveways, or keeping vehicular traffic away from any fenced-in area. One use is to create directional cues for drivers by installing the Reflective Inserts diagonally in the chain link fence panel or gate in the shape of arrows.

Reflective Red

Reflective Silver

Reflective Gold

*Exact representation of slot colors in printing is difficult. Please refer to actual color samples for final matching.

GALVANIZED	DIAGONAL	VERTICAL	HORIZONTAL	COLORED	DIAGONAL	VERTICAL	HORIZONTAL
2 3/8"	X	X	X	2" x 9ga finish	X	X	X
2 1/4"	X	X	X	2" x 8ga finish	X	X	
2" x 9 or 11ga	X	X	X	2" x 6ga finish	X	X	
2" x 6ga	X	X		1 3/4"	X		

Pexco is the largest manufacturer of chain link fence enhancement products, which are marketed under the PDS® brand name. With over 40 years of experience extruding these innovative, proprietary products, you are assured of the highest standards in quality – from the raw materials used in manufacturing to the finished product in your fence.

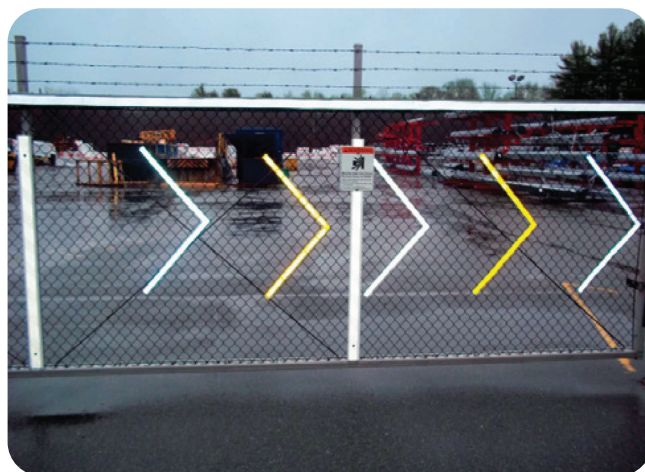

PRODUCT PACKAGING

- Packaged in convenient poly-wrapped sets of 10 inserts per color (10-packs).
- Four 10-packs per box (total 40 pieces) per color (Gold, Silver or Red).
- Box size is 2" high x 5" wide x 50" long x 11 lbs weight.
- Minimum order is 1 box (40 inserts). May combine colors in groups of 10.

INSTALLATION INSTRUCTIONS

- To install, drill a small hole on one end. Then easily thread the Reflective Insert through the chain link fabric. Slip a zip-tie or hog ring through the small drilled hole and fasten to the chain link fabric.
- Can also be installed in front of standard PDS® Fence Slats for background and maximum reflection.

These inserts are so highly reflective, they can be used sparingly and configured as geometric shapes or arrows to gain the desired effect, as in the above chain link gate application.

LIMITED WARRANTY

Reflective Fence Insert carries a 5-year, pro-rata warranty against breakage under normal conditions. Write Pexco for full warranty information.
