

## Switch Blade Barrier Marker Storage Instructions

1. Storage Location  
Store in a dry, cool and well-ventilated area. Avoid areas where chemicals may degrade the material. Keep away from open flames, high heat sources, or any corrosive materials.
2. Handling  
Store on a flat surface to prevent any warping or deformation. If stacked, ensure that there are only 3 boxes per stack.
3. Packaging  
Keep the product in its original packaging until installation to avoid damage.
