## DO-IT-YOURSELF

### PRIVACY SLATS FOR CHAIN LINK FENCES

Pexco offers a complete line of professional-grade privacy slats for chain link fencing, so you can pick the look and level of privacy that fits your project.

**PVT®** flat tubular slats insert vertically for a clean, finished look on both sides of the fence, while **FenceWeave®**, converts any chain link fence into a privacy fence with room for custom designs. For maximum coverage, our patented **Winged Slat®** delivers increased privacy, and **American Permahedge™** gives you privacy with the natural look of a finely trimmed evergreen hedge.

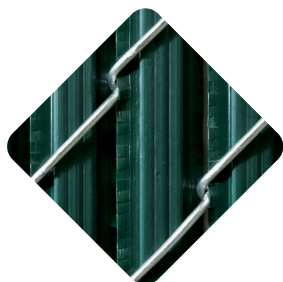

#### PVT® — PLASTIC VERTICAL TUBING

PVT® slats are flat, tubular plastic extrusions that insert into any chain link fence to add beauty and privacy on both sides. Made with UV-inhibited thermoplastic, they resist chipping and degradation, backed by a **15-year, pro-rata warranty**. A unique manufacturing process keeps the locking notch and top end at a fixed distance, giving the fence a straight, finished edge. Vandal Proof PVT® slats lock in place permanently once the horizontal locking strip is installed, and all colors are formulated to match vinyl-coated chain link systems.

Winged Slat is available in these colors:

BLACK • WHITE • GRAY • BEIGE • BROWN • REDWOOD • GREEN • ROYAL BLUE • LIGHT BLUE

## WINGED SLAT®

**When you need increased privacy, our Patented Winged Slat® is the answer.**

Winged Slats are produced with UV-inhibited thermoplastic materials, designed to retard the harmful effects of the sun and are protected against chipping and or material degradation. **15 year, pro-rata warranty.**

Winged Slat is available in these colors:

BLACK • WHITE • GRAY • BEIGE • BROWN • REDWOOD • GREEN • ROYAL BLUE • LIGHT BLUE

- Available in heights from 2.5' to 20'
- Rigid, flat body with internal "legs" for extra support
- Self-locking, flexible wings on both sides of the slat

## AMERICAN PERMAHEDGE™

**The Maintenance-Free Privacy Hedge Lattice.**

The color and texture of American Permahedge™ has been carefully chosen to ensure a natural appearance even close up. Its density obscures the chain link mesh from view. The resulting look is that of a finely trimmed evergreen hedge that blends into the natural foliage. **10 year, pro-rata warranty.**

- Natural shrubbery backdrop
- Most privacy of any lattice product on the market
- Installs on most mesh sizes — no tools or locking pieces required
- Each box covers 5 feet of vertically installed fence

## FENCE WEAVE®

**For Do It Yourself homeowners.**

The most economical chain link fence filler on the market today, FenceWeave® converts any chain link fence into a privacy fence and allows for custom designing. **5-Year Warranty.**
